Trip Time!

Into July and Capernwray jumps to 19 degrees! At Canary Divers, we are making the most of the Dive season, with loads going on. What a roaring success the advertised liveaboard for next years holiday has been, with a total sell out of the boat within 10 days – THANK YOU for your support! We are now collecting a backup list – and if we get enough names then we do have an option to add another boat. If you have missed the boat, but still want to come on the liveaboard then please let us know and we'll try to help

Over the next month we have 3 trips planned – Bovisand, Vivian, and of course the club holiday to Gozo

New Suppliers Join Canary Divers!

Regulars to the shop will have seen our stock grow considerably over the last 12 months, we continue our expansion and momentum as we strive to support our local dive community to the best we can. With this in mind we are pleased to announce new partnerships with additional major suppliers

So watch both this space, and the shop space as new products start to come on display – our new Oceanic stock is already available!

GOZO Planning

Everyone going to Gozo should by now have seen the Gozo Special Edition Newsletter – if you haven't, then its important that you read it – a copy is available at:

http://www.canarydivers.com/newsletters/canarynews_gozo_special.pdf

Sea Diving (Inc GOZO) Essentials

Remember, Gozo is sea diving, we want to ensure that it is a safe dive week, by all divers having the right equipment

In addition to your wetsuit / boots / fins / bcd / regulators.....Please remember:

- a) Weightbelt – whilst the Dive Centre will provide weight, they don't provide weight belts – so please bring one with you
- b) Reels and SMB's – each buddy pair should have at least one of these between them – remember, this is sea diving and a reel / SMB is a must
- c) Dive Knives – each buddy pair should have at least one between them, in case of any fishing line entanglement
- d) Torch – an optional extra in case anyone finds any of the caves too daunting!

Needless to say we know a good place where you can purchase any of the above ☺ If you haven't called in the shop recently, then please come take a look – the stock levels are well up and hopefully there is something for everyone!

Stop Press: We have only a few of our very large, but very light Dive Bags (Badged Canary Divers) which are perfect for GOZO and keeping the airline weight down – available in the shop nowwhilst stocks last (Available in Blue / Black and Red / Black)

2012 Canary Divers Club Holiday - SOLD OUT (collecting Reserve List Now)

We are pleased to announce that we are close to finalising next years club holiday – a week ALL INCLUSIVE on the much acclaimed MY Blue Horizon – Winner of ‘Livaboard Of The Year’ for 3 years running (only the best for Canary Divers Members!)

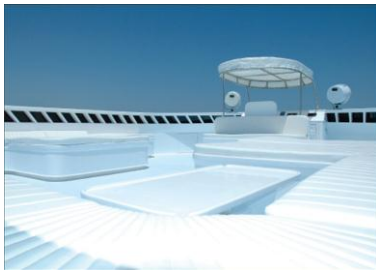

We are finalising the dates – which will either be 24th to 31st August 2012, or 31st August to 6th September 2012

The Itinerary – A mixture of Wrecks and Reefs!

This itinerary follows a North and Brothers route and during the week, divers will experience the excitement of diving famous wrecks of the Red Sea, including the SS Thistlegorm, Carnatic, Ulysses, Ghiannis D and the Dunraven. This allows divers who love wrecks to dive just that, so anyone who has an active interest in wreck diving will love this itinerary. However, it is also interesting to bear in mind is that many of these Red Sea wrecks have been underwater for a very long time and have formed 'artificial reefs', teeming with life. This itinerary would therefore be enjoyed by all divers

We will be issuing a separate bulletin for this holiday VERY shortly - The Holiday price is £1200 per person (sorry) – but for that you are getting all travel (excl transport to Manchester), unlimited diving on one of the best itineraries and best boats in the Red Sea (as you will see from the pictures below), fully crewed and guided boat, all soft drinks, hot drinks, food, Nitrox etc (Any alcoholic drinks must be paid for)

This boat is now FULL – however we are taking reserve names in case anyone backs out – and in addition, if we get enough reserve names (10), then we MAY have an option to tag an additional boat alongside us
